“IT’S IMPORTANT THAT YOUNG PEOPLE KNOW ABOUT THE STRUGGLES WE FACED TO GET TO THE POINT WE ARE TODAY. ONLY THEN WILL THEY APPRECIATE THE HARD-WON FREEDOM OF BLACKS IN THIS COUNTRY.”

— Amelia Boynton Robinson

Even after the 19th Amendment was ratified, millions of women remained unable to vote.

- Puerto Rican women were excluded from the 19th amendment. All adult women didn’t gain the vote till 1955.
- The lack of U.S. citizenship limited voting rights for many Native Americans and Asian immigrant women. All Native Americans were given U.S. citizenship in 1934. Asian immigrants couldn’t become citizens until 1952.
- African American voters, especially those in the South, faced discriminatory measures and were kept from the polls until most of these practices were outlawed by the Voting Rights Act of 1965.
- Many Latin American and other immigrant or indigenous citizens faced language barriers in voting.

Another landmark voting rights victory
The Voting Rights Act of 1965 was landmark civil rights legislation that outlawed discriminatory voting laws and practices designed to keep black and other voters of color from the polls. The act disfranchised millions of new voters. In 2013, the Supreme Court struck down an important provision to enforcing the law. In recent years, some states have passed election laws that advocates say prevent fraud, but critics argue are intended to suppress voting rights.

YOUR VOTE IS YOUR VOICE
The 100 years since the ratification of the 19th amendment has seen voting rights expanded to millions more women as many ongoing struggles against voter discrimination have succeeded. However, people continue to fight to expand and protect voting rights today. The best protection for your voting rights is to use the most powerful political tool any citizen has—your voice!
